

Each call order comes with an electronic report verifying the time, date, and contact number.

For about \$10 per distribution your students will never again be the last to know that their instructor won't be in.

It's time we too enhance our customer service and show our students how valued they are to us.

Where Your Business Is Our Business.

Product/Service Information

*Let's elevate the standard! We can now advise our students in advance when life occurs unexpectedly! Many of our students have been inconvenienced by situations beyond **our** control, well there's now a solution. BPCS can call every student registered in the school in one minute flat! All we need is the contact information and the message and each student will get an advance notice. The service can be purchased individually or by department. Ask for a free sample!*

Join the many College and Universities offering this enhanced level of customer service.
